

How to Join Bias Binding

When you need to join 2 pieces of bias binding

1. Unfold the edges of the binding.

Put the 2 pieces with the rights sides together and pin. Draw a line across the diagonal as in the picture.

2. Use a 2mm straight stitch to sew along the line.

3. Trim off the corner, 5mm from the stitching.

4. Press open the seam.

5. Turn the edges back in and press.
